MODEL  
VIKING YouSafe™ Boras

# VIKING YouSafe™ Boras

The U-zip solution allows the position of the buoyancy chamber directly on the front of the suit, improving ergonomics. The VIKING YouSafe™ Boras allows you to work hard while staying safe under extremely demanding maritime conditions.

- Fully integrated buoyancy that ensures better ergonomics and easier donning
- Waterproof and breathable GORE-TEX® NARVIK™ with flexible fabric panels for better freedom of movement
- The complete neck seal with neoprene collar and cuff ensures both comfort and durability
