

VIKING Offshore

Comprehensive Offshore Solutions

VIKING is an innovator in life-saving equipment for a wide range of offshore installations including floating and fixed platforms and FPSOs.

Our extensive knowledge of the offshore industry ensures optimal solutions - from putting together total packages for new buildings, producing custom designed evacuation systems, supplying the right combination of personal protective equipment to professionals and convenient servicing and replacement.

- Unique chute-based evacuation systems used worldwide
- First class liferafts in a wide range of sizes
- Extensive line of personal protective equipment
- State of the art stair-based embarkation systems
- Total servicing packages
