VIKING YouSafe™ Airman

The VIKING YouSafe™ Airman is a high quality pilot suit designed to enhance comfort during offshore flight operations, ensuring best overall feel and improving safety.

- Flame retardant and breathable NOMEX® GORE-TEX outer fabric with a moisture barrier that reduces buildup of heat and allows for a light, airy feeling inside the suit
- J-zipper for comfort during constant wear and allows for easy donning
- Choice of either smooth skin Neoprene with high flexibility that follows every movement of the arm or Latex for a snug fit. Both with easy donning and high resistance to wear and tear.
